Join us in person!

Feb 2-3, 2023 – Charlotte, North Carolina

April 20-21, 2023 – Costa Mesa, California

July 13-14, 2023 – Indianapolis, Indiana

- Learn why presenting implant procedures is different than other treatments and how to get implant cases accepted effectively,
- Gain comfort with the entire implant process, including organization, treatment planning, technology, coordination with laboratories,
- Discuss how to choreograph your schedule and involve the team to reduce the dentists' time, and have positive financial discussions,
- Review implant documentation, what is billable to medical carriers, appointment sequencing, terminology, and patient education.

Lois Banta is CEO, President and Founder of Healthcare Enterprises, Inc., a company that specializes in all aspects of dental practice retreats and lectures. Lois has over 45 years of dental experience and consults and speaks nationally and internationally. She is the CEO of The Speaking Consulting Network, and a member of several professional organizations.

Leslie Icenogle has been in the OMS field since 1986 with a focus on oral implantology and is the founder of Insurance Billing Outsourcing teaching medical billing to dental practices. Leslie's background and training in implant procedures allow her to help offices increase the number of implant units they place, improving the practice revenue and patients' lives.

Just \$1995 for the doctor and \$995 for each team member
